***Allowable Subject Matter***

Claims 1, 5, 6 and 8-13 are allowed.

The following is an examiner's statement of reasons for allowance:

Instant claims are directed to a microparticle formed from a polymeric backbone containing 1,2-diol or 1,3-diol structure and having at least two pendant chains bearing crosslinkable groups, which are crosslinked via free-radical polymerization. The prior art of record recognizes polymeric materials having the claimed polymeric structure. However, the art recognized polymeric materials are not in the form of a microparticle as claimed and instead are used as such in the formation of medical implant materials and hence are distinct from the claimed microparticle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lakshmi S. Channavajjala whose telephone number is 571-272-0591. The examiner can normally be reached on 9.00 AM -6.30 PM
